4 steps to custom-made worksurfaces

STEP 1: ORDERING

First, ask your kitchen designer to sketch the work surface and breakfast bar shapes you want, specifying whether you want 22mm or 40mm thickness.

And don't forget to include the dimensions and décor you require.

STEP 2: APPROVAL

After the designer has sent across the sketch we'll create a technical working drawing for you to review and approve.

STEP 3: SIGN OFF

Once we've received your kitchen retailer's written approval we'll get down to work.

STEP 4: DELIVERY

After we've triple-checked the finished custom-made surfaces we'll deliver them to your chosen location within three weeks of sign off.

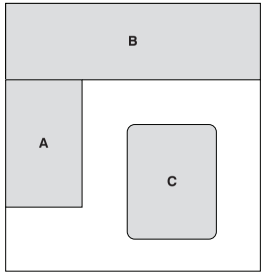
Worktop Configuration

It is important that you let us know how your custom-made surfaces will be positioned within the room design by sending us a sketch.

Our advice is that most surfaces are supplied over size so that you avoid the need for expensive templating.

Additional guidance is available on request.



Configuration Example:

A - Open End Worktop
Worktop A is open at one end so it should not be necessary to supply this over size.

B - Restricted Worktop
Worktop B is fixed in size between 2 walls. We will supply this over size for you to scribe accurately on site.

C - Island Worktop
Worktop C is an island and can be supplied to the exact size required with finished edges.

SPECTRA SOLID-WOOD COLLECTION

Oak

Naturally enduring, naturally hygienic, naturally adaptable. The benefits of solid-wood surfaces speak for themselves.

European Oak

Not only do Spectra Solid-Wood work surfaces look stunning, they have proven antibacterial properties making them an ideal choice for your kitchen. Furthermore, while modern synthetic laminates and plastics July denature, warp or lose colour over time, timber surfaces, with the right care and maintenance, can look better the longer you have them.

- Each species of wood is manufactured from a sustainable source, assured by our source of supply FSC® certification.
- The work surfaces are un-oiled and pre-sanded to a 180 grit for a finer finish.
- The profile is a square cut design that can be left for a contemporary look or shaped to your own design.
- Staves are hand selected into complementary colour and grain patterns to create a beautiful and unique surface.
- Proven natural antibacterial properties, unlike many synthetic surfaces and is non-toxic.

Order: the Customer's order for the supply of Goods and/or Design Services, as set out in the Customer's purchase order form, or the Customer's written acceptance of Blackheath's quotation, or overleaf, as the case may be.

1.2 **"Construction".** In these Conditions, the following rules apply:

1.2.1 a **person** includes a natural person, corporate or unincorporated body (whether or not having separate legal personality);

1.2.2 a reference to a party includes its personal representatives, successors or permitted assigns;

1.2.3 a reference to a statute or statutory provision is a reference to such statute or statutory provision as amended or re-enacted. A reference to a statute or statutory provision includes any subordinate legislation made under that statute or statutory provision, as amended or re-enacted;

1.2.4 any phrase introduced by the terms **including, include, in particular** or any similar expression shall be construed as illustrative and shall not limit the sense of the words preceding those terms; and

1.2.5 a reference to writing or written includes faxes and e-mails.

2. BASIS OF CONTRACT

2.1 The Order constitutes an offer by the Customer to purchase Goods and/or Design Services in accordance with these Conditions.

2.2 The Order shall only be deemed to be accepted on the earlier of:

2.2.1 Blackheath issuing written acceptance of the Order;

2.2.2 Any act by Blackheath consistent with fulfilling the Order, at which point and on which date the Contract shall come into existence (**"Commencement Date"**).

2.3 The Contract constitutes the entire agreement between the parties. The Customer acknowledges that it has not relied on any statement, promise, representation, assurance or warranty made or given by or on behalf of Blackheath which is not set out in the Contract.

2.4 Any samples, drawings, descriptive matter or advertising issued by Blackheath and any descriptions of the Goods or illustrations or descriptions of the Design Services contained in Blackheath's catalogues or brochures are issued or published for the sole purpose of giving an approximate idea of the Design Services and/or Goods described in them. They shall not form part of the Contract or have any contractual force.

2.5 These Conditions apply to the Contract to the exclusion of any other terms that the Customer seeks to impose or incorporate, or which are implied by trade, custom, practice or course of dealing.

2.6 Any quotation given by Blackheath shall not constitute an offer, and is only valid for a period of 30 days from its date of issue.

2.7 Any typographical, clerical or other error or omission in any sales literature, quotation, acceptance of offer, invoice or other document or information issued by Blackheath shall be subject to correction without liability on the part of Blackheath.

2.8 No Order which has been accepted by Blackheath may be cancelled by the Customer except with the agreement in writing of Blackheath or the terms that the Customer shall indemnify Blackheath in full against all loss (including the cost of all labour and materials used), damages, charges and expenses incurred by Blackheath as a result of cancellation.

2.9 The Customer shall comply with all applicable laws, statutes and regulations relating to anti-bribery and anti-corruption including but not limited to the Bribery Act 2010.

2.10 All of these Conditions shall apply to the supply of both Goods and Design Services except where application to one or the other is specified.

3. GOODS

3.1 The Goods are described in Blackheath's catalogue and website as modified by any applicable Goods Specification.

3.2 Blackheath reserves the right to amend the specification of the Goods if required by any applicable statutory or regulatory requirements.

4. DELIVERY OF GOODS

4.1 Blackheath shall ensure that:

4.1.1 each delivery of the Goods is accompanied by a delivery note which shows the date of the Order, all relevant Customer and Blackheath reference numbers, the type and quantity of the Goods (including the code number of the Goods, where applicable), special storage instructions (if any) and, if the Order is being delivered by instalments, the outstanding balance of Goods remaining to be delivered; and

4.1.2 if Blackheath requires the Customer to return any packaging material to Blackheath, that fact is clearly stated on the delivery note. The Customer shall make any such packaging materials available for collection at such times as Blackheath shall reasonably request. Returns of packaging materials shall be at Blackheath's expense.

4.2 Blackheath shall deliver the Goods to the location set out in the Order or such other location as the parties may agree (**"Delivery Location"**) at any time after Blackheath notifies the Customer that the Goods are ready.

4.3 Delivery of the Goods shall be completed on the Goods' arrival at the Delivery Location. Blackheath shall not be responsible for unloading the Goods at the Delivery Location and, for the avoidance of doubt, shall not be required to deliver the Goods anywhere other than kerbside at the Delivery Location.

4.4 Any dates quoted for delivery of the Goods are approximate only, and the time of delivery is not of the essence. Blackheath shall not be liable for any delay in delivery of the Goods that is caused by a Force Majeure Event or the Customer's failure to provide Blackheath with adequate delivery instructions or any other instructions that are relevant to the supply of the Goods.

4.5 If Blackheath fails to deliver the Goods, its liability shall be limited to the costs and expenses incurred by the Customer in obtaining replacement goods of similar description and quality in the cheapest market available, less the price of the Goods. Blackheath shall have no liability for any failure to deliver the Goods to the extent that such failure is caused by a Force Majeure Event, the Customer's failure to provide Blackheath with adequate delivery instructions for the Goods or any relevant instruction related to the supply of the Goods.

4.6 If the Customer fails to accept or take delivery of the Goods within three Business Days of Blackheath notifying the Customer that the Goods are ready, then except where such failure or delay is caused by a Force Majeure Event or by Blackheath's failure to comply with its obligations under the Contract in respect of the Goods:

4.6.1 delivery of the Goods shall be deemed to have been completed at 9.00am on the third Business Day following the day on which Blackheath notified the Customer that the Goods were ready; and

4.6.2 Blackheath shall store the Goods until delivery takes place, and charge the Customer for all related costs and expenses (including insurance).

4.7 If four Business Days after Blackheath notified the Customer that the Goods were ready for delivery the Customer has not taken delivery of them, Blackheath may resell or otherwise dispose of part or all of the Goods and, after deducting reasonable storage and selling costs, account to the Customer for any excess over the price of the Goods or charge the Customer for any shortfall below the price of the Goods.4.8 Blackheath may deliver the Goods by instalments, which shall be invoiced and paid for separately.
