Corian® Design Sustainability Commitment

When you choose Corian® Solid Surface, you choose a surfacing product which is both beautiful to behold and harmonious with the health of humans and the environment.

Technical information

Among materials used in architecture and furniture design, Corian® Solid Surface stands out for its technical and aesthetic characteristics, which make it the preferred material of architects and designers seeking technical results and beauty.

Features and benefits

NON-POROUS

When Corian® looks clean, it really is clean.

Its smooth surface does not allow liquids, dirt and stains to penetrate. Bacteria and mould have nowhere to take root.

DURABLE

Long-lasting solution for high traffic spaces.

Homogeneous in all its thickness, robust and resistant to abuses typical of high traffic spaces.

HYGIENIC

Contributes to hygiene and healthiness for your peace of mind.

No place for germs, bacteria and mould growth thanks to its non-porous nature and to inconspicuous seams. Marks and stains can be easily removed from the surface.

SOFT AND WARM

Add a unique touch of sensorial performance to your design concepts.

Pleasant and smooth to the touch with its silk-like surface adapting itself to the climate of interior environments: beautiful and relaxing, for homes and public spaces.

THERMOFORMABLE

It can be shaped to meet any design and style requirement.

It can be moulded into 2D and 3D shapes meeting all design goals and fitting any available space.
No limits to the creativity for your projects.

BACKLIGHTING

Play with light to create fascinating translucency effects.

The translucency of many colours, combined with design versatility, enables the creation of fascinating installations featuring unique lighting effects.

REPAIRABLE

If needed, it can be easily repaired and brought back to its original look.

It withstands daily wear and tear, keeping its original look for many years. Scratches, chips and more serious damages can be easily mended on the spot, always without a trace.

SEAMLESS

The surface continuity simplifies cleaning, sanitising and routine maintenance.

It enables the seamless integration of multiple elements, enabling large installations featuring a fascinating monolithic look.

LOW VOC

For environments with minimum impact on human health.

Corian® Solid Surface is free from dangerous chemicals and hence supports better indoor air quality.

RECYCLED CONTENT

For environments with minimum impact on human health.

A selection of our colours contains between 6% and 14% of recycled material and our (North American) manufacturing facilities are zero waste to landfill.

Corian® Design Quality Network Partner Program

Connected through quality, supported by Corian® Design.
To deliver Corian® Solid Surface at its best to consumers, DuPont created the "Corian® Quality Network" decades ago. Today's Corian® Design Quality Network Partner (QNP) Program offers the best quality of Corian® Solid Surface fabrication and installation, sales consultation and technical service, backed by a 10-Year Limited Warranty.

Fabricators of the Quality Network Partner Program have received technical training from DuPont and their skills in the fabrication and installation of Corian® Solid Surface have been reviewed and certified by DuPont.

1

KITCHEN

Corian® for haute cuisine

Corian® Solid Surface is perfect for a range of kitchen styles, from high tech to traditional, from minimalist to warm and cosy. Offering extraordinary design flexibility in a wide range of vibrant colours, it is ideal for countertops, backsplashes and integrated sinks, and many other applications.

It offers inconspicuous seams and a sleek, hygienic non-porous surface. Its warm-to-the-touch feeling immediately inspires confidence and reliability. And rightly so, as Corian® is easy to clean, easy to care for and easy to live with!

2

BATHROOM

A creative splash with Corian®

Let your bathroom be a reflection of you. With Corian®, you can create a sanctuary of wellness that echoes your personality. Surround yourself with colours and textures you love to wake up to.

Thermoform Corian® into soothing shapes. Mix it with tiles, metal, wood, stone or glass. Have it fitted on your walls, horizontal surfaces, worked into bath surrounds. Because Corian® is so easy to live with, your bathroom will reflect both your design aspirations and your good sense.

3

HOSPITALITY

Enhancing levels of hygiene in the hotel

Across the world, Corian® Design is at the heart of some of the **most distinctive and innovative contemporary hospitality and hotel designs** because of its inherent **hygienic properties, practicality and design flexibility**.

Corian® Solid Surface enables you to elevate the guest bathroom with a **single material for vanity top & wet walls**. Your preferred **design solutions can be adapted to the exact dimensions and room layout required (made-to-measure solutions)**, ensuring a perfectly fitted bathroom that is **very easy to clean**.

Cleanliness is all-important in every area of a hotel... with the reverse being the first thing many guests will notice. Corian® Solid Surface is recognised for its **unique hygienic properties**. Solid and **non-porous**, it is joined with inconspicuous seams, hence **no proliferation of grout, bacteria and mould**.

4

HEALTHCARE

Reducing rates of hospital acquired infections

Corian® Solid Surface offers functional and aesthetic surfaces that **meet the highest and most stringent standard requirements in healthcare environment**. It has inherent properties that make it **non-porous and homogeneous**, and when properly cleaned **does not support microbial growth**. This helps to **prevent any cross contamination** and **reduces spread of infection** in healthcare spaces.

Corian® Solid Surface is **stable against bacteria and fungi** according to European standard DIN EN ISO 846 and US standard ASTM D 6329 and classified as **fungistatic**.

Corian® Solid Surface delivers **superior chemical and stain resistance** and has been tested to be **compatible with a variable range of healthcare cleaning disinfectants** and household cleaning agents.

The unique solid structure of Corian® Solid Surface makes it an **ideal choice in a wide variety of healthcare settings** (e.g. operating rooms, surgical scrub stations, bed-head units, laboratory benches, furnishing solutions).

5

OFFICE SPACES

Sustainable design expressing your corporate identity

Corian® Solid Surface **offers high performance and environmental benefits** that may help your project earn LEED® certification points under the USGBC LEED® Building Rating System, The International WELL Building Institute™ WELL Standard™ and others.

Corian® Solid Surface **works in myriad of office applications**, including foyers, interior wall cladding, corridors, elevator walls, staircases, coffee corners, cafeterias, canteens, public bathrooms... and everywhere offers a wealth of artistic potential and appeal.

The Corian® advanced composition means that **it can withstand the normal stresses and strains of corporate duty**, yet also be fully restored in the case of any excessive wear and tear.

Versatile enough to meet the vision of any design scheme, Corian® Solid Surface is also wipe clean and worry free, making it **the ideal choice for every office space**.

6

RETAIL

Creating a unique ambience

A perfect retail space doesn't just look flawless; it performs flawlessly as well. With an extensive array of colours, textures and versatile materials, Corian® Design materials can be adapted to any retail environment.

With tested durability and an easy-cleaning, non-porous design, our surfaces keep looking as sleek and stylish as the day you bought them. Because a remarkable space never goes out of fashion.

7

FOOD SERVICE

Making every meal unforgettable

An unforgettable dining experience is a journey — one that starts on the counter where you prepare it and ends at the table it's enjoyed on. With unbeatably durable, easy-to-clean and mould-resistant Corian® Design surfaces, you never have to worry about your kitchen making the cut.

Corian® Solid Surface can be adapted to suit all forms of dining and entertaining requirements, and can **satisfy the most demanding standards of hygiene** while offering a stylish, sensuous backdrop for enjoying delicious dishes, fine wines and sophisticated cocktails.

8

PUBLIC SPACES

Creating the most welcoming of spaces

Corian® Solid Surface is renowned for its dependable performance, but this work ethic also offers a wealth of artistic potential and appeal. Naturally suited to creating the most welcoming of spaces, it adapts to innovative design ideas with inspiring ease.

Corian® Solid Surface not only promotes a sense of trust and authenticity, its advanced composition means that it can withstand the normal stresses and strains of public duty, yet also be restored to full glory in the case of any excessive wear and tear.

WOW

THAT'S CORIAN®!
