Outstanding surface

Spectra Extra-Slim

spectraworksurfaces.co.uk

Stylishly modern, cost-effective and quick to install; it's hardly surprising thinner work surfaces are now the popular choice for contemporary kitchens, bathrooms and utility areas. It's why we're pleased to introduce the Spectra Extra-Slim range of laminate surfaces.

At just 12.5mm in thickness, Spectra Extra-Slim is one of the thinnest work surfaces available on the market today.

It's also one of the toughest too, not to mention most versatile and sophisticated. In other words, everything you need to turn your dream design into a brilliantly practical reality.

Want to know more? See pages 16-17 for full technical details.

Hardworking by design

Work surfaces

spectraworksurfaces.co.uk

Spectra Extra-Slim work surfaces aren't simply designed to catch the eye. They're designed to be used. Day in, day out. It's why they're made of durable, waterproof materials that can withstand both the hottest kitchens and wettest bathrooms.

A choice of six stylish décors is available, including dramatic dark woods, bold slates and striking concretes.

What's more, curves can easily be created thanks to the work surfaces' solid black core, providing even greater design flexibility.

Work surface dimensions

3065mm x 650mm x 12.5mm

(suitable for most kitchen schemes)

950mm x 950mm x 12.5mm

(suitable for curved work surfaces)

IRON OXIDE
(SLATE)

The perfect fit

Sink and drainer grooves

spectraworksurfaces.co.uk

Unlike some laminate worktops, Spectra Extra-Slim work surfaces are completely waterproof. This means they can be fitted with sleek undermounted sinks and equipped with drainer grooves for added practicality in the kitchen.

CONCRETE
WOODPRINT
(NATURE)

When investing in a new kitchen, it's only natural you want to keep it looking its best. Luckily, in addition to the practical benefit of channelling water into the sink and protecting your cabinets from drips, drainer grooves also strikingly complement the surface décor by revealing the black core of the work surface.

Room to live

Breakfast bar and island surfaces

spectraworks-surfaces.co.uk

It's often said the kitchen is the heart of the home. And with the addition of a Spectra Extra-Slim breakfast bar area and island surface, you'll have more space than ever to prepare and share food with family and friends.

Available in the same six décors and textures as the main work surfaces, they can also be curved to follow your existing cabinet design.

Furthermore, to effortlessly match the style of your kitchen a textured panel can be fitted to the gable end of your Spectra Extra-Slim breakfast bar area and island surface.

Breakfast bar and island dimensions

3065mm x 950mm x 12.5mm

Beautifully practical Upstands

spectraworksurfaces.co.uk

In addition to providing a stylish and hygienic barrier between your walls and work surfaces, upstands are quick to install and easy to wipe clean. They're also ideal for covering any gaps between uneven walls and straight work surfaces.

To ensure a seamless continuation between surface and wall, Spectra Extra-Slim upstands are available in the same six décors and textures as the main work surface range. They're also easily removed and replaced should you wish to refresh the look of your kitchen in the future.

Upstand dimensions

3065mm x 95mm x 12.5mm

All angles covered

Splashbacks

spectraworksurfaces.co.uk

Not only will splashbacks prolong the life of your work surfaces and walls by protecting them against water and impact, they can instantly transform the look and feel of your kitchen. And the benefits don't end there.

They're quick to install, a breeze to clean and easy to replace. Not to mention a more cost-effective and hygienic alternative to tiles. They're also available in a range of sizes to keep unnecessary offcuts to a minimum. Last but not least, they match perfectly to every Spectra Extra-Slim work surface and breakfast bar as they all share the same finishes.

Splashback dimensions

3050mm x 600mm x 9mm

3050mm x 1200mm x 9mm

950mm x 950mm x 12.5mm*

* Can be used behind your hob in combination with other splashback dimensions.

Recipe for success

Design versatility

spectraworks-surfaces.co.uk

We understand a great deal of thought goes into designing your perfect kitchen. From the choice of cabinets and flooring, to the style of sink and tap, it's important everything matches. That's why every Spectra Extra-Slim work surface features the same eye-catching finish on both sides.

BLACKWOOD
(WOOD)

This enables complementary open shelving and cabinet framing in the same distinctive décor and texture to be fitted in the kitchen, creating a consistent look that's sure to gain you more than a few passing compliments from guests.

Exceptional, without exception

Quality

spectraworks-surfaces.co.uk

Every Spectra Extra-Slim product features technologies that deliver superior performance against heat, water, impact and daily wear*. This ensures every work surface, upstand and splashback not only provides remarkable strength and style, but will do for many years to come.

It also goes without saying that hygiene is a key priority. That's why all our work surfaces are treated with Sanitized® antimicrobial hygiene function, which destroys more than 99% of bacteria in just 24 hours.

*While Spectra Extra-Slim offers additional performance over other work surfaces, standard work surface precautions such as heat protectors and chopping boards should still be used.

Why choose Spectra Extra-Slim?

**100%
Waterproof**

Resistant to water, steam and cooking stains†.

**Highly wear
resistant**

Abrasion resistance of up to 400 revolutions in the Taber Abraser test†.

**Impressive impact
resistance**

Resistant to an impact of up to 500g from a maximum 2m drop (excluding sharp objects)†.

**Heat resistant
up to 220°C**

Capable of withstanding temperatures of up to 220°C for ten minutes†.

† Tested to EN438 standards.

Strong first impression

Authentic textures

spectraworksurfaces.co.uk

For many homeowners, the way a work surface feels is just as important as the way it looks. With this in mind, distinctive textures are applied across the Spectra Extra-Slim range to give each of the six décors available a much greater sense of realism.

Slate

Highlighted by an embossed matt finish, Slate has the deep texture of slate and concrete.

Nature

This texture provides a subtle satin feel, evoking the raw sensation of granite.

Wood

Providing a grain texture within a matt and linear structure, ingeniously creating the effect of natural wood.

spectra collection  **Extra-Slim**
Contemporary laminate surfaces

To optimise functionality, every Spectra Extra-Slim work surface, breakfast bar and island surface features the same stylish décor on both sides. All visible edges are solid black to provide a sharp contrast with the six décors available, as shown below*.
