spectra curved

STYLISH POSTFORMED WORKSURFACES DESIGNED FOR YOUR HOME

DESIGNED FOR REAL LIFE

This versatile worktop collection brings together the timeless appeal of wood, stone, granite and marble décors with everyday practicality. With 40 carefully curated designs, it offers the perfect balance of style, performance and value, making it an ideal choice for modern homes and family spaces alike.

BUILT TO LAST, EASY TO LIVE WITH

Made for durability and moisture resistance, these worktops are designed to handle the demands of daily life. Their clever construction means **fewer joins**, reducing places for dirt to collect and making surfaces more hygienic and easier to clean - ideal for busy kitchens.

THOUGHTFUL DESIGN, SAFER EDGES

Soft, curved edges create a smoother, safer finish throughout. The worktops and breakfast bars feature a **3mm radius curve on top and bottom edges**, while upstands have a **6mm radius top edge**. This not only enhances the look but helps reduce sharp corners - a reassuring detail for family homes. Splashbacks are **square cut** for a clean, contemporary finish.

RESPONSIBLY MADE

All timber used within the range is sourced from **sustainably managed forests**, ensuring style and responsibility go hand in hand.

CERTIFIED QUALITY

This collection holds the **FIRA Gold Award**, the ultimate mark of quality in furniture and surface testing - giving complete confidence in performance, safety and longevity.

THE PERFECT BALANCE

Stylish yet practical. Durable yet refined.
A worktop range designed to look beautiful, perform brilliantly, and stand the test of time.

Eclipse Marble | Matt

TEXTURES

Quartz

A glossy surface with multi-coloured metallic flecks scattered throughout the décor, creating a sparkling, eye-catching effect.

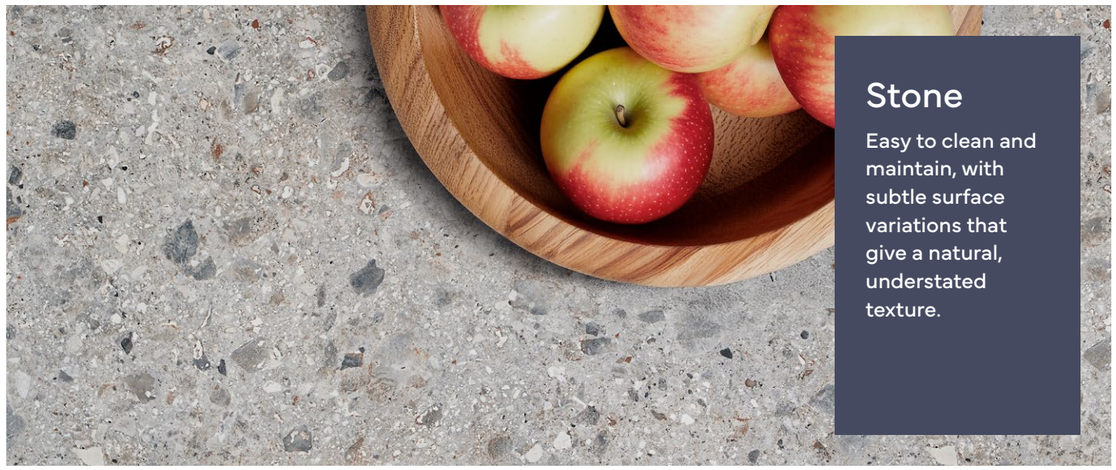

Wood

Expertly replicates the natural grain and warmth of real wood for an authentic look and feel.

Matt

A soft, natural texture used across many of our décors, offering a realistic and tactile finish.

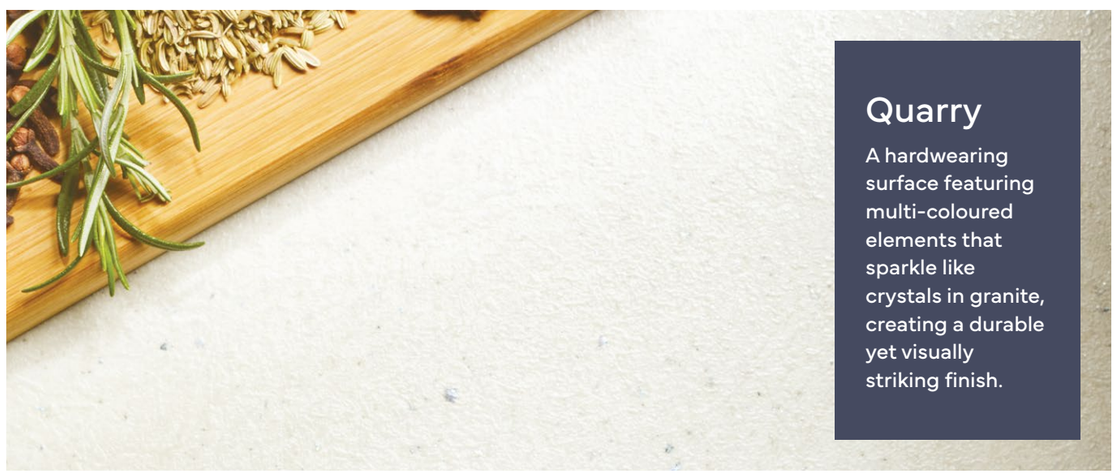

Stone

Easy to clean and maintain, with subtle surface variations that give a natural, understated texture.

Satin

A durable finish with a gentle semi-polished sheen that brings out the richness of the décor.

Quarry

A hardwearing surface featuring multi-coloured elements that sparkle like crystals in granite, creating a durable yet visually striking finish.

APPLICATIONS

Worktops

Stylish, durable and versatile, our worktops are designed to enhance everyday kitchen life, from cooking to entertaining.

Splashbacks

Practical and sleek, splashbacks protect your walls while adding a polished, cohesive look to your kitchen.

Breakfast Bar

Ideal for casual dining and socialising, breakfast bars create functional, stylish spaces that bring people together.

Upstands

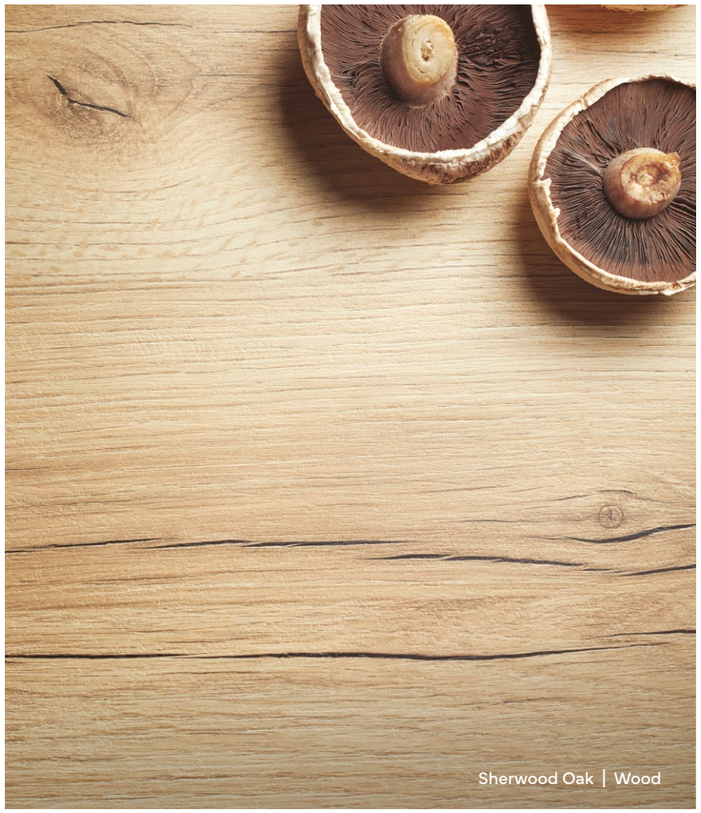

Complete the look with upstands that coordinate seamlessly with worktops and splashbacks for a clean, unified finish.

TRIED AND TRUSTED AWARD-WINNING QUALITY

Every Spectra Curved product is rigorously tested to ensure it delivers exceptional performance and beautiful design. From worktops and breakfast bars to island units, upstands and splashbacks, each surface combines impressive decorative style with reliable resistance to heat, water, abrasion and impact*.

Our uncompromising approach to quality has earned Spectra Curved the FIRA Gold Product Certification, a recognised mark of excellence.

LIFETIME GUARANTEE

All Spectra Curved products are backed by a lifetime guarantee against manufacturing defects for complete peace of mind.

DESIGNED FOR THE FUTURE

All timber used in Spectra Curve products is sourced from responsibly managed and sustainable forests and other controlled sources, which are certified in accordance with the rule of the Programme for the Endorsement of Forest Certification†.

Our highly realistic woodgrain effects and textured finishes offer the look of natural materials without the need for exotic timber or quarried stone. Spectra Curved brings the beauty of nature to your interiors, responsibly and sustainably.

A worktop range designed to look beautiful, perform brilliantly, and stand the test of time.

†FSC® C003109 is also available upon request.

The mark of responsible forestry

*Whilst Spectra Curved-Edge offers enhanced performance over standard work surfaces, normal care should still be observed, including the use of heat protectors and chopping boards.

EXPLORE THE SPECTRA COLLECTION

Alongside our Spectra Curved Collection, we also offer Slim, Wood and Square Collections, designed to suit a variety of styles and spaces. From contemporary minimalism to natural warmth and bold definition, each range combines considered design with the same attention to quality and detail as you would expect from the complete Spectra Collection.

SLIM COLLECTION

Clean lines and a pared-back profile define our Slim Collection. Designed for contemporary interiors, they offer a refined, minimalist look. Ideal for modern spaces where subtle detail and a sleek finish make all the difference.

WOOD COLLECTION

Bring warmth and natural character into your space with our Wood Collection. Celebrating authentic textures and rich tones, they add depth and timeless appeal to both classic and modern settings. A perfect choice for creating an inviting, premium feel with enduring style.

SQUARE COLLECTION

The Square Collection offers strong definition and architectural simplicity. Its crisp edges and solid form create a bold, confident look that works beautifully across a wide range of interiors. A versatile option for those who favour structure, balance and contemporary design.
