EGGER Door Laminate Collection

The EGGER Door Laminate Collection is a diverse range of 81 design orientated decors for internal doors, in wood and material reproductions, and solid uni colour finishes. Created with up-to-date texture technology and carefully selected decor designs, the range offers a door finish for every taste.

EGGER door laminate is a cost-effective, hard wearing and durable alternative to solid timber, veneer or painted finishes. The laminate requires no further maintenance following fabrication and can be easily replaced if required.

A 2150 × 950 mm door sheet size is available from stock in the UK, as is a 3050 × 1310 mm standard sheet size, enabling a coordinated design concept to be achieved. The 2150 × 950 mm sheet is ideal not only for doors but also areas where a smaller application of laminate is required, cutting down on waste and cost. A 2150 × 1020 mm sheet size is also available to order.

Door size laminate is ideal for coordinating doors with furniture and other surfaces such as wall panels. Used in combination with standard laminate, MFC and MFMDf, it provides an opportunity to value engineer material, should matching furniture be required as part of the scheme. EGGER laminate is the ideal choice for all door and surfacing needs and is available from a network of distributors.

To find out where to find EGGER door laminate visit www.egger.com/where-to-buy

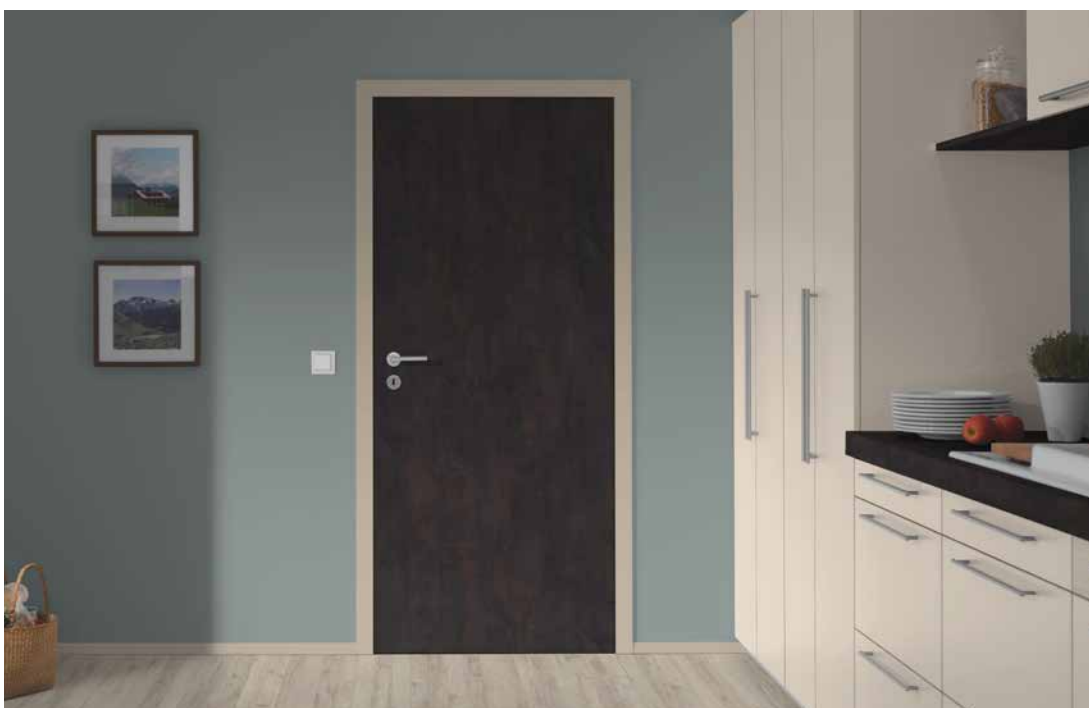

H1253 ST19 Truffle Brown Branson Robinia in combination with F274 ST9 Light Concrete

The EGGER Door Laminate Collection is ideal for many internal application areas such as hotels, student accommodation, offices, bars and restaurants. This collection offers a suitable decor to enhance any project.

EGGER Flammex (flame retardant laminate option) is also available as a made to order product.

U163 ST9 Curry Yellow with matching furniture elements

F629 ST16 Black Gold Metal Slate door and matching worktop in combination with U222 ST9 Crema Beige units
